WARNINGS Read Before Using Your Sega Dreamcast™ Video Game System

CAUTION

Anyone who uses the Sega Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Sega Dreamcast before the minor uses it.

HEALTH AND EPILEPSY WARNING

Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure.

If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using the Sega Dreamcast.

In all cases, gamers should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using the Sega Dreamcast.

- Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
- Do not play if you are tired or have not had much sleep.
- Make sure that the room in which you are playing has all the lights on and is well lit.
- Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

OPERATING PRECAUTIONS

To prevent personal injury, property damage or malfunctions:

- Before removing the disc, be sure it has stopped spinning.
- The Sega Dreamcast GD-ROM disc is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Sega Dreamcast console, especially not in a CD player.
- Do not allow fingerprints or dirt on either side of the disc.
- Avoid bending the disc. Do not touch, smudge or scratch its surface.
- Do not modify or enlarge the center hole of the disc or use a disc that is cracked, modified or repaired with adhesive tape.
- Do not write on or apply anything to either side of the disc.
- Store the disc in its original case and do not expose it to high temperature and humidity.
- Do not leave the disc in direct sunlight or near a radiator or other source of heat.
- Use lens cleaner and a soft dry cloth to clean the disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean the disc.

PROJECTION TELEVISION WARNING

Still pictures or images may cause permanent picture tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large-screen projection televisions.

SEGA DREAMCAST™

SEGA DREAMCAST™ HARDWARE UNIT

Use these ports to connect the Sega Dreamcast™ Controller or other peripheral equipment. From left to right are Control Port A, Control Port B, Control Port C, and Control Port D. For **PROJECT JUSTICE**, use Control Ports A, B, C and D to connect controllers for players 1, 2, 3 and 4 respectively.

PROJECT JUSTICE is a 1-to-4 player game. Before turning the Sega Dreamcast power ON, connect the Sega Dreamcast controller(s) or other peripheral equipment into the control ports. Purchase additional controllers (sold separately) to play with two or more people.

To return to the Title screen at any point during game play, simultaneously press and hold the A, B, X, Y and Start buttons. This will cause the Sega Dreamcast to soft-reset the software.

SEGA DREAMCAST™ VISUAL MEMORY UNIT (VMU)

To save option settings and high score information, insert a memory card into Expansion Slot 1 of the controller in Control Port A **BEFORE** turning on the Sega Dreamcast.

Note: While saving a game file, never turn OFF the Sega Dreamcast power, remove the memory card or disconnect the controller.

STARTING A GAME

Press the Start Button at the Title screen to display the Play Mode Select menu. To make your selections, use the Directional Button or Joystick to choose and press the A Button to confirm.

- Select a game mode. (See game mode descriptions beginning on page 8.)
